

EARLY INTERVENTION CONSULTANT E4C-EARLY HEAD START PROGRAM

E4C-Early Head Start is looking for an enthusiastic and professional individual to work with families in the Allendale community. The incumbent will be responsible for promoting healthy growth and development in very young children and to assist parents in reaching their goals and developing their own supports. Support is provided through home visits, weekly family playgroups and parent groups.

As the successful incumbent, you will have:

- A Human Services degree or diploma. Preference given to the following disciplines: Social Work, Rehabilitation and/or Early Childhood Development; equivalencies will be considered,
- Knowledge of child development and parent-child relationships,
- A valid drivers license and car is required,
- Childcare first aid with Infant/child CPR,
- Basic computer skills,
- Experience working with socially, economically and/or culturally diverse populations
- Strong group facilitation experience and skills,
- A demonstrated ability to organize work and to work independently
- Strong written and verbal communication skills

We offer a supportive team environment with a competitive compensation plan, full benefits and a strong focus on professional development. This position runs from September to June, 37.5 hours per week, with the salary range beginning at \$17.00 per hour.

Only those candidates selected for an interview will be contacted.

PLEASE SEND RESUMES TO:

Lynn Lema, Program Manager
